
RE-EMPLOYMENT PROGRAM

The Program was originally established under Article 5 of the 2001-2003 State of Nebraska NAPE/AFSCME Labor Contract.

Under statutory authority (81-1317) exercised by the State Personnel Director, the terms and conditions of the Program have been applied to permanent employees covered by the Classified System Personnel Rules and Regulations.

RE-EMPLOYMENT PROGRAM

EMPLOYEE GUIDELINES

ELIGIBILITY

A permanent employee occupying a position covered by the NAPE/AFSCME contract, or the Classified System Personnel Rules and Regulations whose lay-off date is effective following July 1, 2001, is eligible to enroll.

ENROLLMENT REQUIREMENTS

The laid-off employee is responsible for initiating contact with AS State Personnel Recruitment Unit, of their intent to enroll in the Program. The employee has 30 days within the identified lay-off date to meet the following requirements:

- Provide a copy of their lay-off notice to AS State Personnel Division.
- Submit a State employment application, preferably online, or by paper copy, to AS State Personnel Division.
- Complete an interview with their assigned AS State Personnel Division Recruiter to outline their qualifications and career goals.

All enrollment requirements must be met prior to being considered for a position.

PARTICIPATION IN THE RE-EMPLOYMENT PROGRAM

If a Program member fails to respond to contacts initiated by AS State Personnel, they will be removed from the Program. The individual will be sent a certified letter informing them of their removal.

The laid off employee shall be removed from the Program upon accepting either a full time or part-time permanent position within state government.

Should the laid-off employee decline an offer for a position, they shall be removed from the Program.

If a laid-off employee is offered a position, they shall notify the hiring agency of their decision within three calendar days.

If a laid-off employee accepts a position and does not complete the required original probationary period, they will be allowed to re-enroll in the Program one time.

The individual must inform AS-Personnel of their intent to re-enroll. They must do so within 30 calendar days of their last day of employment, and submit a new employment application.

If the employee declines a permanent position after re-enrolling in the program, the employee is no longer eligible for the Program and will be removed.

RE-EMPLOYMENT PROGRAM

AGENCY GUIDELINES

NOTIFICATION

Agencies implementing a lay-off shall include language in the employee's lay-off notice informing them of the Re-Employment Program. Agencies should ensure the employee understands that enrolling in the Program is an option available to them only if they are in a lay-off status.

PRIORITY CONSIDERATION

Section 5.20 of the NAPE/AFSCME and State of Nebraska Labor Contract states that priority consideration shall mean an offer of employment. When filling a position externally, priority consideration is to be given to the employee(s) enrolled in the Program.

Program Members are eligible for priority consideration when the position is at the same or a lower minimum rate of pay (hiring rate for Rules-covered) than the employee's prior position, and it has been determined they meet the minimum requirements of the position.

AS State Personnel Division and the hiring agency shall have the responsibility of evaluating and determining if the Member meets the minimum qualifications for a position. The minimum qualification review will be based on the Education/Experience Requirements section the hiring agency provided on the Job Order form.

A conscientious effort will be made by AS State Personnel, to determine whether a Program Member is eligible for priority consideration before the position vacancy is listed externally.

It is recommended that a general informational interview with the Program member take place. This is an opportunity to inform him/her, in detail of the work to be performed, supervisor, work hours, schedule, etc.

At the Agency Head's discretion, the employee may be required to serve an original probationary period.

If more than one laid-off employee in the Re-Employment Program is eligible for priority consideration, those qualified shall participate in the agency's interview process, and the candidate with the highest score shall be offered the position.

Agencies may contact the laid-off employee's previous employing agency to gather documented employment information; however, this information cannot be used to dispute the eligibility for priority consideration.
